## A REPORT

OF THE

## RECORD COMMISSIONERS.

---

In the Nineteenth Report of the Record Commissioners the series of records kept by the Selectmen is resumed from the point where it was left by the Seventeenth Report.

The ten years here recorded, 1754–1763 inclusive, were not marked by any very important local events, except perhaps the burning of Faneuil Hall. It was, however, the period of the French Wars, and Boston increased very much in importance as a seaport. Hence much of the work of the selectmen was given to matters of quarantine and, of the care of soldiers and other strangers.

The careful observer will find many interesting items, however, in this volume, and there are the usual grants and orders which affect real estate even to the present time.

Whereupon Said Mary presented her Petition to S<sup>d</sup>. Court, Setting forth that the Information given to the Selectmen relating to her being guilty of Misrule &c was without the Least Foundation, & that the Same was raised & promoted with a Malicious Intent to ruin her, & bring her, & her Family to extrem Poverty Praying she may be heard before Said Court, which Petition S<sup>d</sup>. In the Return made by you of the List of [84.] Persons Licens<sup>d</sup>. in the Town of Boston the last year, as Inholders & Retailers you have returned Mary Clapham as Guilty of Misrule, but have not assignd any reason therefore, the S<sup>d</sup>. Mary by her Petition to the Court of General Sessions of the Peace for the County of Suffolk this day preferrd, has Suggested that she has not been guilty of any Misrule or disorders in Her House, & that the Information given to you is Intrinsically groundless, & that you have no Evidence to Support Such a Charge, praying she may be heard thereupon or that she may be allowd to renew her License — you therefore are desired to attend S<sup>d</sup>. Court on Thursday the Seventeenth Instant, at Ten O'Clock in the forenoon when S<sup>d</sup>. Court will take S<sup>d</sup>. Marys Petitions into Consideration, & you may then produce Such Evidence as you may think Necessary to be heard thereupon if you See Cause otherwise the Court the Court will proceed as they shall judge proper. Dated in Boston the 15<sup>th</sup>. day of August in the 32<sup>d</sup>. year of His Majesty Reign Anno<sup>q</sup>. Dom<sup>i</sup>. 1758 — By Orders of Court.

Ezek<sup>l</sup>. Goldthwait Clerk.

Upon receipt of the above from the Court the Selectmen met & Considerd of the Several Laws of the Province that related to Licenses, & of their power to disallow any Persons heretofore Licensd that shall appear to them to have been guilty of misrule & disorder, & thereupon apprehend that the Court of Sessions cannot by any Law Permit any Persons to renew their License, that are returnd by S<sup>d</sup>. Selectmen to S<sup>d</sup>. Court as guilty of Misrule & disorder, therefore determine they will not Attend Said Court but send their Answer in Writing which they did as follows. — Viz<sup>t</sup>.

[85.] To the Hon<sup>ble</sup>. the Justices of the Court of Sessions for the County of Suffolk.

The Memorial of the Selectmen of the Town of Boston Shewith — that your Memorialists were Served with the foregoing Order, to Vindicate ourselves & our Exceptions against M<sup>rs</sup>. Clapham for Misrule, & to bring Evidence to Encounter the Allegations that your Honours have permitted Her to make in Court against us, for what we have done in discharge of our Office as Selectmen, on Peril of her allegations being taken for True, and her being Licensed by your Honours, notwithstanding our aforesaid Exceptions & the Province Law Page 184 where it is expressly Enacted that the Clerk of the Sessions of the place in the respective Countys from time to time Annually before the granting License do Transmit to the Selectmen of every Town within the County, as a List of the names of the Persons in Such Towns, that were Licensed the year before, & that licenses be renewed to none of them that the Selectmen shall Except to, as unfit to hold and hold that Employment, by reason of their not Keeping good Order & good Rules in their Houses &c We apprehend the Law not only Authorizes us, but makes it our duty to Enquire & Judge of the fitness of Licensed Persons, & to Except to those that in our Judgement are exceptionable, & we know of none that (Since the making of the aforesaid Act) have any Power to decide the Question, as to the fitness or unfitness of Persons to have their Licenses renewed but the Selectmen But we do not apprehend that we are warranted by Law to Point out any particuler Instances of Misconduct or Witnesses to Impeach the Candidate in any particulars—We have no Suit Petition or Cause depending before your Honours & Cannot Comprehend by what Law, [86.] We or our Judgment is to be Calld in Question before your Honours — We pay all due deference to your to your Honours & that Authority the Law has Vested this Court with, but your Honours will permit us to pay the greatest deference to the Laws and Constitution of our Country, & the discharge of the Trust reposed in us by those Laws — We have never heard of a Precedent to make Selectmen Accountable for their Judgments in their office as Respondents to the Person excepted against, nor have we yet been able to find a Law that is now in force to Countenance Such a procedure: That of the 4<sup>th</sup>. of William & Mary Chap<sup>r</sup>. the 6<sup>th</sup>. we apprehend is repeated so far as Concerns the pressent Question, by the impart recited Act, & had it not been repeated, it did not extend to Such Cases, as where an Exception was made, & even in that the Citation gave a Months Notice for the Selectmen to Object, not Answer and prove at a Short warning as in the present Case — We therefore beg Leave to remonstrate against the Establishment of Such a Precedent as seems now Attempted, & against the Licensing of M<sup>rs</sup>. Clapham against our Exemption, & the Law before recited and as we are Satisfied our Exception was well founded, & that and that we can Easily prove the Same, but that it would be of dangerous Consequence, & destructive to that good Order, that Law Intended to preserve, to go into an Altercation with Her before your Honours or Elsewhere.

We hope your Honours will Excuse us from making any answer

to this Petition. & of all others of the like Kind for the Future,  
We are with great respect to your Honours —Your Humble Serv<sup>ts</sup>.

The Memorial of the Selectmen of the Town of Boston by Order of the Inhabitants of said Town at their Meeting the 23<sup>d</sup>. of March Instantem Humbly sheweth,

That in the Providence of God Faneuil Hall and the market under the same having been consumed by fire some months since, the Inhabitants of Boston labour under great inconveniency in want of a suitable place for transacting the publick business of said Town; and they find it necessary speedily to rebuild and repair the said Hall, not only to accomodate themselves as soon as may be, but also that they may not loose the benefit of the Walls yet standing. Ways and means for effecting this so much needed & necessary work have been considered of; but in their present distressed and difficult circumstances under repeated losses by fire & other ways, none appear so likely to Succeed as the raising [6.] Money therefor by a lottery especially as many Gentlemen are disposed to encourage the same. We therefore by order of said Inhabitants, lay the case before your Excellency and Honors, and pray that you would by an act empower some suitable persons to raise the sum of £————— for that purpose by lottery, which sum by an estimate made will be necessary to rebuild said Hall, or that your Excellency & Honors would grant the Town such relief as you in your great wisdom shall see meet, and your petitioners shall as in duty bound ever pray &c.

The Selectmen having duly considered the Vote of the Town relative to the Town Watch, agreed that the following Orders be given to the Constables of all the Divisions of said Watch excepting that at the Town Dock; and the Clerk is directed to make fair Drafts of the same for said Constables.

The Selectmen having appointed you — Constable of the Watch at — do Order and direct.

1<sup>t</sup>. That you with the Watch men under you attend at said Watch House at the hours of 9 o'Clock every Night from the 20<sup>t</sup> of September to the 20 of March, and at the Hours of 10. Clock from the 20<sup>t</sup> March to the 20<sup>t</sup>. of September, and that you and each of

you continue upon duty untill [54.] Sunrise, and if any of your Division should misbehave you must inform the Selectmen of it.

2<sup>d</sup>. That you keep a fair Journal of your doings every Night, how you find the state of the Town, and who of the Watchmen are on duty, and Report to the Selectmen every Wednesday.

3<sup>d</sup>. That two at least of your Division taking their Staves with them, walk the rounds within your Ward twice at least every Night, and oftener if necessary, setting out from the Watch House at such times in the Night as you shall Judge best, but varying the time according to your discretion.

4<sup>th</sup>. In going the rounds care must be taken that the Watchmen are not noisy, but behave with the strictest decorum, that they frequently give the time of the Night and what the Weather is with a moderate Voice.

5<sup>th</sup>. You and your Division must endeavour to suppress all routs riots and other disorders that may be committed in the Night, and secure such persons as may be guilty, that you may the next Morning take such steps as the Law directs for a prosecution.

6<sup>th</sup>. You are to take up all Negroes Indian & Molotta [55.] Slaves, that may be absent from their Masters Houses, after 9 o Clock at Night, unless they can give a good and satisfactory Account of their business.

7<sup>th</sup>. The Selectmen recommend to you and your Division that you behave with sobriety temperance vigilance and fidelity — your Office requires such a Conduct, the security of the Town demands it, and you may be assured that your continuance in the place to which you are appointed to all together depends upon it.

It is further Agreed by the Selectmen, that in the Orders to be given the Constable of the Dock Watch instead of the Article N<sup>o</sup>. 3 in the other Orders, the following shall be inserted — viz<sup>t</sup>.

That two at least of your Division taking their Staves with them walk the rounds within your Ward to the Westward of your Watch house twice every Night and oftener if necessary, and that other two of your Division walk the rounds in the same manner to the Eastward of the Watch house amongst the Warehouses and down the Long Wharf, and as this Ward contains much of the Inhabitants Substance, we recommend great care in the [56.] Inspection thereof, — that one of your Division, constantly when the Weather will admit of it walk to and from the Market across the Drain into Union Street as far as M<sup>r</sup>. Salter's shop, and that he hale all Persons passing along after such time of the night as you shall order.

The Undertakers for the Repairs of Faneuil Hall having represented to the Select men, that great Charge and difficulty as well as loss of Time must ensue by carrying that part of the Order of the Town into execution, which enjoins that the Frames for the Windows of that Building should be of Stone ;

The Gentlemen the Committee who Reported to the Town on that Head, were desired to attend, and after considerable discourse on that Subject, it was unanimously Voted by said Committee as their Opinion, that such difficultys were in the way of carrying that Order of the Town into execution, as made it not for the Interest of the Town that it should be so done. They were also generally of opinion that it would be needless to call a Meeting of the Inhabitants for their advice in a matter, which appeared so plain, that their Interest could not but be as well consulted, without such a Meeting.

We wrote you on Wednesday last respecting James Bowes and upon conversing with Maj<sup>r</sup>. Robinson are conformed in our Sentiments respecting this matter as therein expressed; It seems he has been gone from this Town above twelve Years the Fellow

himself allows he has resided in some other Town above twelve Months and so become an Inhabitant there Viz<sup>t</sup>. In New Salem in the Province of New Hampshire its highly probable to us he has during the Time above mentioned become an Inhabitant in several other Towns it is certain we can't legally receive him till you fully satisfy us he properly belongs to us, and in case you send him to Town we must be obliged to return him immediately this will create charge to both of us to no purpose whereas your way respecting this Matter is quite clear as the Law points it out. D<sup>r</sup>. Phillip God : Cast having given information that a Son of M<sup>r</sup>. Bulkleys who lives near the Sign of the Schooner was taken with the Small Pox — A meeting of the Selectmen was immediately warned, and D<sup>r</sup>. Cast desired to attend, which he did and declared, that the said Joseph Bulkley who is Cap<sup>t</sup>. Dobles Mate came up in the Vessell Yesterday, and sent for him in the Evening when he found him ill, and having visited him again [113.] This Morning, he discovered that he had the Small Pox — The D<sup>r</sup>. at the same Time gave it as his Opinion that he could not be removed but at the risque of his Life, his Symptoms being extremely bad and threatning.

In consequence of the above information M<sup>r</sup>. Williston was immediately sent to the House to order and see the Shop Shut up, and that no Person whatsoever should be permitted to go in or come out of said House till the further Orders of the Select men — A Flag was also ordered to be put out as a signal of Infection, and Carpenters were imploy'd to erect Fences and place Bars,

in the Passage Ways to prevent passing and repassing that House.

Upon Information given that a Servant of Mr. John White who came in Cap<sup>t</sup>. Doble's Vessell had not had the Small Pox, he was immediately sent down to Rainsfords Island.

Mr. Thomas Hartley Keeper of the Hospital attending by Order of the Selectmen, was questioned how he came contrary to the directions given him to permit the said Bulkley to come up to Town, and answered that he did not know that he was yet to have the Distemper, but being afterwards told that it was uncertain whether he had had it. he obtained said Bulkleys promise to go down to the Island [114.] This Morning, but upon calling on him at the House he absolutely refused to go down with him.

The following Orders were given Mr. Ichabod Williston

Boston, Decem<sup>r</sup>. 23<sup>d</sup>. 1763

The Small Pox being at Mr. Bulkleys House near the Sign of the Schooner, it is our Orders that you keep a Watch at the said House where we have directed a Flag to be put out — You are not to suffer any Persons to go in or out of the House, except the Doctor; any Necessaries that may be wanted for the Family you are to get to them as well as you can — you must not leave said Watch untill 11 O'Clock at Night nor fail attending again by Day break — We expect you behave with great care & faithfulness as the safety of the Inhabitants will much depend upon it, and upon your so doing we shall make you a proper allowance for your Time and service
